You can type R commands in your LaTeX document which will be processed and their output included in the document:

```
##    Min. 1st Qu.  Median    Mean 3rd Qu.    Max.
##       2       4       6       6       8      10
```
